## INDEPENDENT AUDITORS' REPORT

Board of Directors  
Our Kids of Miami-Dade/Monroe, Inc.  
Miami, Florida

We have audited the accompanying statement of financial position of Our Kids of Miami-Dade/Monroe, Inc. (“Our Kids”) as of June 30, 2015, and the related statements of activities, and cash flows for the year then ended and the related notes to the financial statements.

### **Management’s Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor’s Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Our Kids as of June 30, 2015, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Report on Summarized Comparative Information**

We have previously audited the Our Kids of Miami-Dade/Monroe, Inc.'s 2014 financial statements, and our report dated January 26, 2015, expressed an unmodified opinion on those audited financial statements. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2014, is consistent, in all material respects, with the audited financial statements from which it has been derived.

## ***Other Matters***

### ***Other Information***

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The statement of functional expenses is presented for purposes of additional analysis and is not a required part of the financial statements. The accompanying schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and Chapter 10.650 Rules of the Auditor General of the State of Florida, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

## **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 18, 2015, on our consideration of Our Kids' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Our Kids' internal control over financial reporting and compliance.

**NOTES TO FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2015**

NOTE 1 – ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

**Organization**

Our Kids of Miami-Dade/Monroe, Inc. (“Our Kids”) was incorporated as a nonprofit corporation in the State of Florida in September 2002 by the Miami-Dade and Monroe Counties local child advocacy communities in response to the need for local control and leadership of the child welfare system. Our Kids builds on the strength of existing community agencies that have established an accredited history and reputation for quality service. Our Kids has a five year contract with the Florida Department of Children and Families (“DCF”) expiring June 30, 2019. The contract may be terminated by either party upon no less than 30 calendar days.

**Basis of Accounting**

The financial statements have been prepared using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recorded as earned and expenses are recorded at the time liabilities are incurred.

**Financial Statement Presentation**

Our Kids prepares its financial statements in accordance with the Financial Accounting Standards Board Accounting Standards Codification (FASB ASC). Our Kids is required to report information regarding its financial position and activities according to three classes of net assets. Accordingly, net assets of Our Kids and changes therein are classified and reported as follows:

Unrestricted net assets are the part of net assets that are neither permanently nor temporarily restricted by donor-imposed stipulations. Generally, operating revenues and expenses have been recorded in the Unrestricted Fund.

Temporarily restricted net assets result from contributions and other inflows of assets whose use is limited by donor-imposed stipulations that either expire by passage of time or can be removed by actions of the organization pursuant to those stipulations. As of June 30, 2015, temporarily restricted net assets were \$499,295.

Permanently restricted net assets result from contributions and other inflows of assets whose use is limited by donor-imposed stipulations that neither expire by the passage of time nor can be fulfilled or otherwise removed by actions of the organizations. As of June 30, 2015, Our Kids does not have permanently restricted net assets.

**Cash and Cash Equivalents**

For the purpose of reporting cash flows, Our Kids considers all highly liquid financial instruments with maturity of three months or less to be cash equivalents.

**Fair Value of Financial Instruments**

The carrying amounts of cash and cash equivalents, receivables, prepaid expenses and other assets, and accounts payable and accrued expenses approximate fair value due to the short maturity of these financial instruments. The carrying value of receivables has been reduced by an appropriate allowance for uncollectible accounts, based on historical collection experience and therefore approximates net realizable value.

NOTE 1 – ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

**Grants and Contracts Receivable**

Grant and contract receivable consists primarily of federal and state grant. Government contract revenues are recognized as allowable expenses, and are incurred in accordance with contractual and regulatory provisions. Revenue received in advance is deferred and recognized over the period to which the related services are provided.

**Property and Equipment**

Property and equipment are stated at cost, net of accumulated depreciation. Depreciation is computed on the straight-line method over the useful lives of the assets, generally five years. Leasehold improvements are amortized over the lesser of the lease term or the useful life of the asset. Assets acquired with state funds may revert back to the state at the termination of Our Kids contract with the State of Florida.

**Impairment of Long-Lived Assets**

Our Kids management evaluates the recoverability of the investment in long-lived assets on an ongoing basis and recognizes any impairment in the year of determination. Long-lived assets were tested for impairment as of June 30, 2015, and in the opinion of management, there was no impairment.

**Allowance for Accounts Receivable**

Accounts receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through adjustments to valuation allowances based on its assessment of the current status of individual receivables. Balances still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance. Our Kids does not believe they need an allowance for uncollectible accounts receivable as of June 30, 2015.

**Income Taxes**

Our Kids is exempt from income tax under Section 501(c) (3) of the Internal Revenue Code and therefore, has made no provision for federal income taxes in the accompanying financial statements. In addition, Our Kids qualifies for the charitable contribution deduction under Section 170 (b) (1) (A) and has been classified as an organization other than a private foundation under Section 509 (a) (2).

There are no reserves held for uncertain tax positions at June 30, 2015. Tax years that are open under the statute of limitations remain subject to examination by the IRS. Our Kids is generally no longer subject to U.S. Federal or State examinations by tax authorities for years before 2012.

**Revenue Recognition/Deferred Revenue**

It is the policy of Our Kids to record the total grant amount at the time of award and defer the unexpended portion until earned. Government funds restricted by the grantor for plant acquisitions or operating purposes are deemed to be earned and reported as revenue when Our Kids has incurred expenditures in compliance with specific restrictions.

**Allocation of Functional Expenses**

Identifiable expenditures made in direct fulfillment of Our Kids expressed goals are classified as child welfare, foster care, adoption, and independent living services. In addition, the costs of providing the various programs and other activities have been summarized on a functional basis in the statement of activities. Accordingly, certain common expenses have been allocated among the programs and supporting services based upon management's estimate of factors such as time spent or space utilized.

**Management Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires Our Kids to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the report period. Actual results could differ from those estimates.

**Subsequent Events**

Our Kids has evaluated subsequent events through December 18, 2015, which is the date the financial statements were available to be issued.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL  
CONTROL OVER FINANCIAL REPORTING AND ON  
COMPLIANCE AND OTHER MATTERS BASED ON AN  
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

---

The Board of Directors of  
Our Kids of Miami-Dade/Monroe, Inc.  
Miami, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Our Kids of Miami-Dade/Monroe, Inc. ("Our Kids"), a nonprofit organization, which comprise the statement of financial position as of June 30, 2015, and the related statements of activities, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated December 18, 2015.

### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Our Kids' internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Our Kids' internal control. Accordingly, we do not express an opinion on the effectiveness of Our Kids' internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Our Kids' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Our Kids' internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

### **Report on Compliance for Each Major Federal Program and State Project**

We have audited Our Kids of Miami-Dade/Monroe, Inc.'s ("Our Kids"), compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement*, and the requirements described in the *Department of Financial Services' State Projects Compliance Supplement*, that could have a direct and material effect on each of Our Kids' major Federal programs and State projects for the year ended June 30, 2015. Our Kids' major Federal programs and State projects are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

#### ***Management's Responsibility***

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its Federal programs and State projects.

#### ***Auditor's Responsibility***

Our responsibility is to express an opinion on compliance for each of Our Kids' major Federal programs and State projects based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and Chapter 10.650, Rules of the Auditor General. Those standards, OMB Circular A-133, and Chapter 10.650, Rules of the Auditor General, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major Federal program or State project occurred. An audit includes examining, on a test basis, evidence about Our Kids' compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major Federal program and State project. However, our audit does not provide a legal determination of Our Kids' compliance.

### ***Opinion on Each Major Federal Program and State Project***

In our opinion, Our Kids complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major Federal programs and State projects for the year ended June 30, 2015.

### **Report on Internal Control Over Compliance**

Management of Our Kids is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Our Kids' internal control over compliance with the types of requirements that could have a direct and material effect on each major Federal program and State project to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major Federal program and State project and to test and report on internal control over compliance in accordance with OMB Circular A-133 and Chapter 10.650, Rules of the Auditor General, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Our Kids' internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a Federal program or State project on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a Federal program or State project will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a Federal program and State project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133 and Chapter 10.650, Rules of the Auditor General. Accordingly, this report is not suitable for any other purpose.
